

ANSMANN Penlight 4in1R

Rechargeable LED penlight 4in1 with UV light and laser pointer, incl. magnet and retaining clip

Features

- Penlight with 3W COB LED & 2W SMD LED
- UV light for recognising fluorescent liquids
- Laser pointer for precise pointing
- Robust housing (IK07)
- Holding magnet in the base of the light and clip for attaching to metal objects
- Permanently installed Li-Ion battery pack (3.7V / 1200mAh), with battery charge indicator, incl. USB-C charging cable
- Charging option via USB mains adapter / charging time: approx. 2 hours
- Luminous flux up to 600 lumens / light duration up to 7.5 hours
- Protection class: IP20

Luminous flux

UV light

Laser pointer

Shock resistance

Magnetic mounting

Rechargeable Li-Ion battery

Input USB Type C

Article number: 1600-0708

Product content: Penlight, USB-C charge cable, operating instructions

Specifications

Protection class	IP20				
Power supply	Li-Ion (3,7 V / 1200 mAh / 4,44 Wh)				
Performance data	Mode	Maximum light range	Maximum luminous flux	Maximum brightness	Maximum operating time
	COB-LED Low	9 m	115 lumens	300 Lux	7,5 hrs.
	COB-LED High	17 m	350 lumens	300 Lux	17 hrs.
	COB-LED Boost	22 m	600 lumens	500 Lux	
	Spot-LED	21 m	120 lumens	440 Lux	5 hrs.
	UV-LED				18 hrs.
	Laser				72 hrs.
IK Protection Class	IK07				
Illuminant	Illuminant	Illuminant power	Lamp life	Colour temperature	Wellenlänge (Spitze)
	COB-LED	3 W	10.000	6500 K	
	Spot-LED	2 W	10.000	7000 K	
	UV-LED	0,5 W	5.000		390 - 410 nm
	Laser		5.000		600 - 750 nm
Housing material	ABS plastic				
Color	black				
Operating temperature	0 - 30 °C				

Storage temperature	-5 - 30 °C
Dimensions	167.5 × 25 × 20.5 mm
