### ANSMANN Li-Ion battery 26650 5100 mAh with USB type C charging socket

- High quality ANSMANN Lithium battery 26650 with safety board and integrated USB type C charging socket. The charging current is limited internally to max. 1A.
- Easy charging of the battery with a standard USB type C charging cable. A PC, a power bank or a USB power supply (5V) can be used as power supply. Alternatively, the battery can also be charged with a lithium charger (max. 5A charging current).
- There is a charge status LED on the positive pole of the battery. During the charging process it lights up red, when the battery is fully charged it switches to green.
- Ideal for use in modern LED flashlights, headlamps, laser pens, etc.
- Integrated protection circuit against overload, short circuit and deep discharge
- Very low self-discharge and high energy density
- 2 years warranty

### INFORMATION

<b>Product name</b>	Li-Ion battery 26650 5100 mAh with USB type C charging socket
<b>Part No.</b>	1307-0012
<b>EAN code</b>	4013674189625
<b>Customs tariff number</b>	85076000900
<b>Material Group</b>	04
<b>Product content</b>	Lithium rechargeable battery type 26650 / 5100 mAh

<b>Product</b>	26,7 × 26,7 × 71,5 mm / 100 g
<b>Packing + Product</b>	73,5 × 27,7 × 27,7 mm / 120 g
<b>Packing Unit</b>	90 Packs (241 × 159 × 196 mm)
